Nutrition Presentation – Delone Abercrombie

Studies have shown that youth are showing signs of more obesity and diseases not usual to youths. We have seen a huge change in food availability – more sugar and fat in ready foods, and not enough healthy foods are being consumed. Alberta Guidelines were released 10 years ago – EIPS is implanting changes for the 2017/2018 school year and follow the guidelines. Delone will be doing a presentation for the students during a Friday flex block.
